THE CITY OF LEAGUE CITY'S QUARTERLY NEWSLETTER

Fire Station 2 Expansion

League City Fire Station #2 Expansion

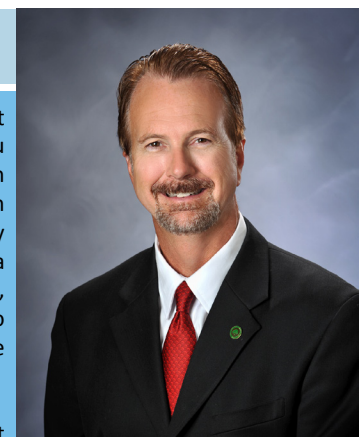

The City of League City recently expanded Fire Station # 2 at 2120 Hobbs Rd. This expansion also marks the consolidation of EMS Station #2 and Fire Station #2. EMS Station #2 employees previously worked from a station at 409 Newport Blvd. However, the relocation will place the ambulance and personnel more centrally located within the response district with better access to major roadways.

Additionally, the expansion will provide facilities to accommodate 24 hours a day and 7 days a week staffing of fire and EMS personnel at Station #2. This expansion and remodel included sleeping quarters, kitchen facilities and additional office space. This consolidation also reduces overhead incurred by the city for operational costs.

"We are excited to have this project complete. It assists us in improving the level of emergency services provided to the citizens of League City," said Fire Chief Brad Goudie.

Message from the Mayor

As I reflect back on the past seven years of service, I can't help but acknowledge the honor and responsibility you have bestowed upon me. The deadline to file for a position on the election ballot has passed, and I didn't draw an opponent. I am truly humbled to have the opportunity to continue leading our great city. It has always been a learning experience, and one that continues daily. But, I am committed to the challenge and look forward to another term of growing and working with City staff, the elected officials and you – our residents.

There are four council positions on the election ballot this year, all of which are contested races. I encourage you to take some time and research the candidates and use your constitutional right to vote. Galveston County is again handling voting services and will provide you the opportunity to vote at any of the voting centers in the county. Check inside the newsletter for details on those locations.

The same week you cast your vote, one of the most significant facilities in the City's history will come to fruition. The League City Police Department, Fire Administration, the Fire Marshal's Office and Emergency Management will have moved into the City's new Public Safety Building. This facility is a CAT 4 rated building, which means it can withstand the forces of a Category 4 Hurricane, with wind speeds of 146 MPH. In the event of such a storm, we can be confident that our first responders will have a safe environment in which to conduct the City's pre-disaster and post-disaster services. This is a major investment and upgrade of our facilities, which will provide for the increased growth that we are experiencing today and will continue to experience well into the future. We are already planning an open house for residents to tour this beautiful new facility. *Continued on Page 6)*

League City Police Department Launches New App

Stay connected to your League City Police Department with a free phone application or "app" available on iPhone or Android devices. The League City Police Department is using the MyPD app to provide our community with better service and improved communications.

The MyPD app allows you to ask questions, send tips, follow the latest Facebook and Twitter feeds, commend an officer, submit feedback, and find important Department contact information. The MyPD app utilizes push notifications to inform our citizens in a timely manner of important information. Options include the ability to retrieve information from FEMA, the National Weather Service, and the National Terror

Advisory System. Our citizens will also have immediate access to links for wanted persons, sex offenders, crime maps, and surveys.

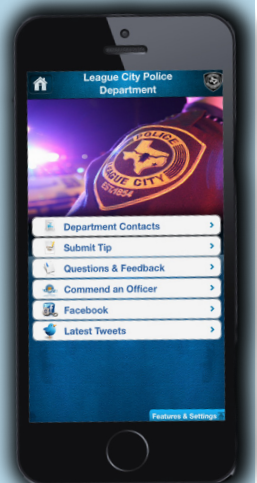

The free MyPD app can be downloaded by searching for "My Police Department" or "MyPD" in the iPhone or Android marketplace. The police app is available free of charge to the public and is free of advertisements. Once downloaded, users simply search for the League City Police Department and make the selection.

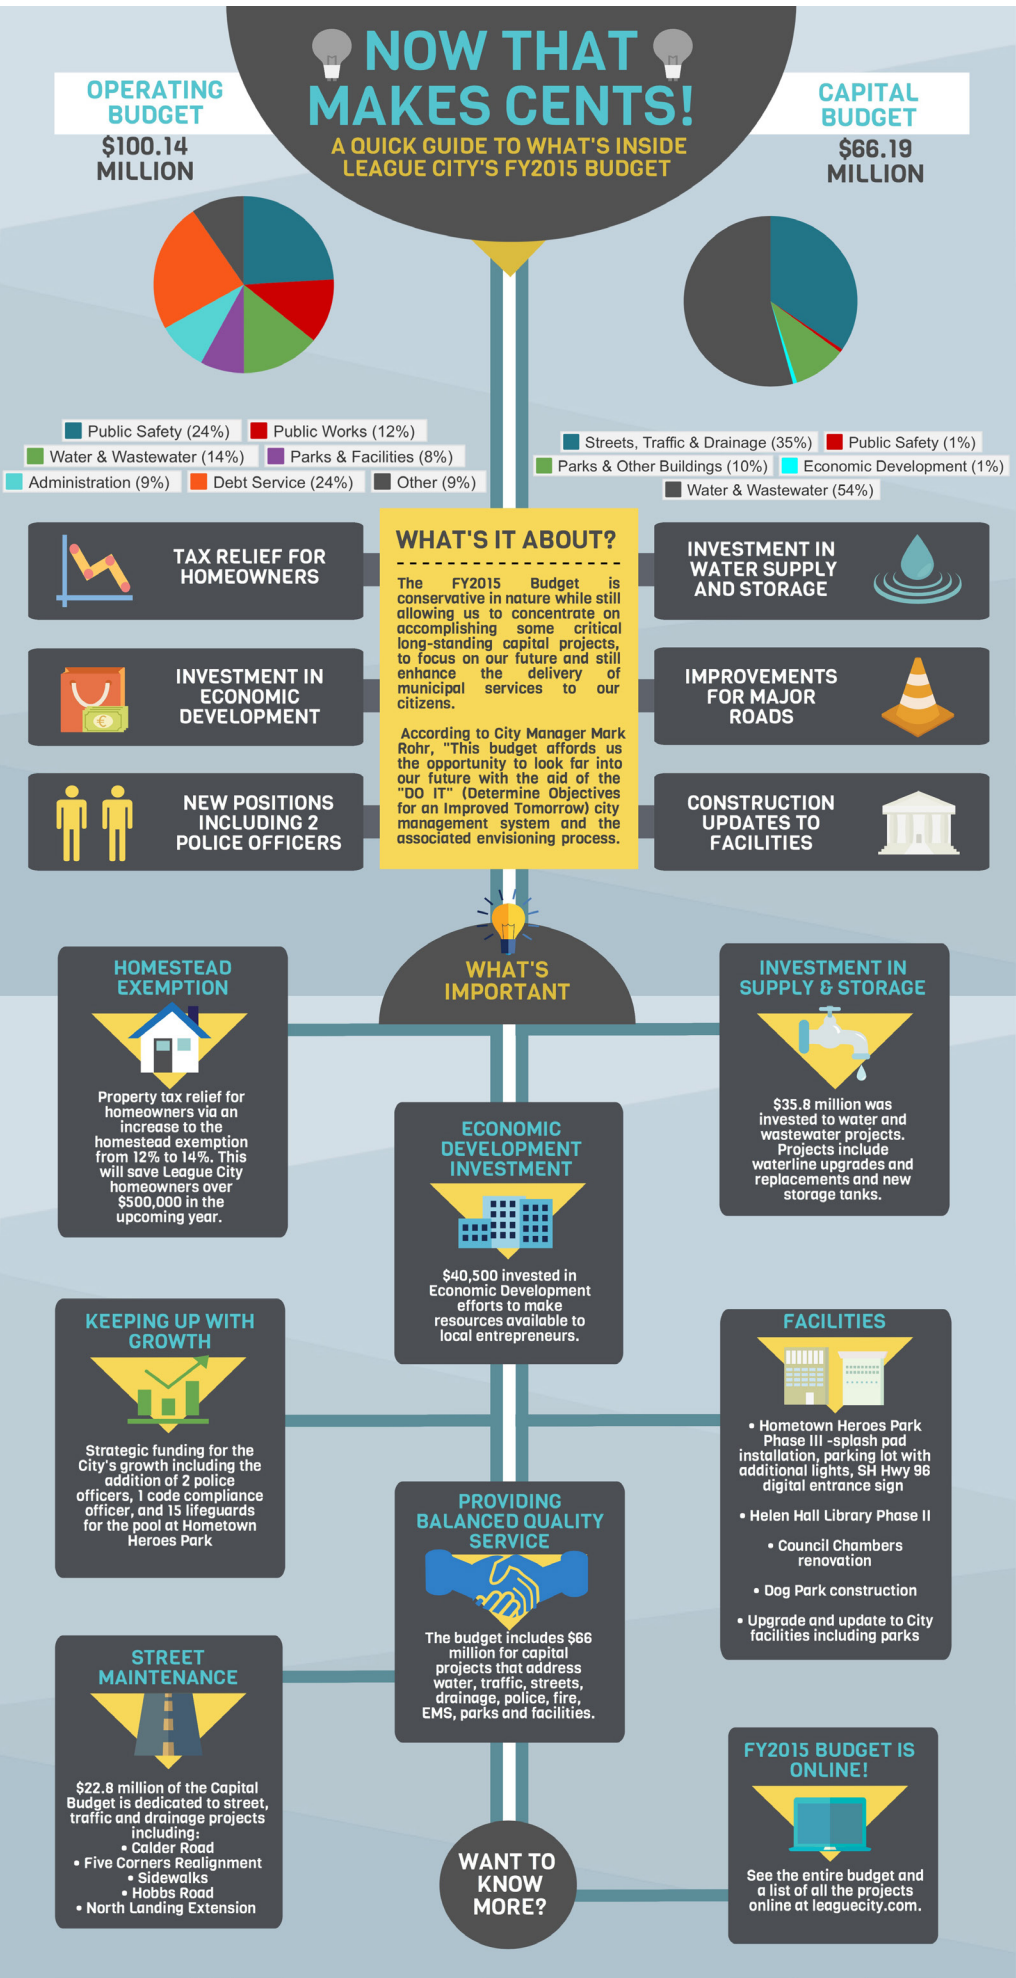

The app's 'submit tips' or 'questions and feedback' features allow our citizens to choose a topic from the dropdown menu that best suits their needs. Citizens can upload photos

with the tip and feedback forms. Once submitted, a message will be routed to the correct officer(s). Forms and photos can be sent anonymously to the Department, but users are encouraged to submit an email address or phone number if they would like a response.

As with email and other social media, the MyPD app is NOT for any type of emergency situation. The app is utilized for routine questions and information sharing. 9-1-1 is always the method to use for emergency situations or response.

Get it today! More app information can be found at www.leaguecity.com/myPD

WATER WE DOING?

A QUICK GUIDE TO LEAGUE CITY'S CURRENT AND UPCOMING WATER SUPPLY

THE BOTTOM LINE

The City of League City is on track to add 8.4 MGD of new well capacity, 17 MG of additional storage capacity and \$19.63 M towards securing new water supply.

OUR CURRENT SUPPLY 30.1MGD (MILLION GALLONS DAILY)

SURFACE WATER - 24.5 MGD	WELLS - GROUND WATER - 5.6 MGD
<div><div>SOUTHEAST WATER PURIFICATION PLANT - 22.5 MGD</div><div>THOMAS MACKEY WATER TREATMENT PLANT - 2 MGD</div></div> <div>SWPP (92%) TMWTP (8%)</div>	<div><div>NORTHSIDE WELL - 2.1 MGD</div><div>COUNTRYSIDE WELL - 1.7 MGD</div><div>WALKER ST. WELL - 1 MGD</div><div>3RD ST. WELL - 0.8 MGD</div></div> <div>Northside Well (38%) Countryside Well (30%) Walker St. Well (18%) 3rd St. Well (14%)</div>

LOOKING AHEAD - NEXT 5 YEARS (FY2015-2019)

ADDITIONAL GROUND WATER	MGD	ONLINE
SSH WELL	2.1MGD	SUMMER 2015
CALDER WELL	2.1MGD	FALL 2015
DICKINSON WELL	2.1MGD	SPRING 2016
EASTSIDE ELEVATED WELL	2.1MGD	FALL 2016
8.4 MGD TOTAL		

ADDITIONAL STORAGE CAPACITY	MG	ONLINE
SH3 PUMP STATION GST*	6 MG	FALL 2014
CALDER GST*	6 MG	FALL 2015
SSH GST*	3 MG	SUMMER 2015
EASTSIDE ELEVATED TANK	2 MG	FALL 2016
17 MG TOTAL		

*GST - GROUND STORAGE TANK
*MGD - MILLION GALLONS PER DAY

HERE ARE THE KEY PROJECTS - FY2015-2019

SH3 PUMP STATION IMPROVEMENTS

Added capacity for storage which can be used to maintain pressures in the system during peak demand, upgraded pump station for consistent pressures

36" WATERLINE FROM SH3 TO SSH

Alternate connection where 71% of surface water is delivered providing secondary route of supply into the city

60" WATERLINE TO REPLACE 42" WATERLINE ALONG SH3

Replace a 45 year old line that delivers 71% of surface water to City, upsized to address required capacity and provide additional capacity to help address future growth.

WHAT ARE WE SPENDING?

BREAKDOWN	COST	IMPORTANCE
REHAB, REPLACES EXISTING SYSTEM	\$64,223,413	maintain aging system
NEW GST, WELLS, LINES	\$21,698,230	prepare for growth of city and improve service across city
NEW SUPPLY	\$19,630,000	prepare for growth of city to meet future demand
TOTAL	\$105,551,643

Rumor Report- Cable Providers in League City

Rumor: *The City receives calls from residents on a regular basis asking why the City won't allow companies other than Comcast to provide cable services to League City residents.* There are also questions related to Comcast having an exclusive agreement with the City. Many residents say they received this information from cable company representatives. This is NOT accurate.

Truth: The City of League City is open to the possibility of other cable providers and has reached out to providers in regard to offering services to League City residents. The cable companies City officials spoke with have no plans to expand service to League City at this time.

The City does not have a franchise agreement with Comcast Cable. In fact, the last franchise

agreement the City held with a cable provider was with Time Warner, which expired in 2008. Until 2005, a cable company that wanted to serve customers within a Texas city did so by obtaining a local franchise agreement from that City. In 2005, the Texas legislature created a new Chapter 66 of the Texas Utility Code. This legislation created a State-issued cable and video franchise agreement to be administered by the Public Utility Commission, instead of the City issued agreements. However, some companies, like Time Warner in League City continued to operate under "grandfathered" city franchise agreements. Senate Bill 1087 in 2011 changed the "grandfathering" provision for cable providers. Comcast is currently, and has always, operated in League City under a State franchise agreement administered through the Public Utility Commission in accordance with State Law.

Fire Safety Words to the Wise from the Fire Marshal

The National Fire Protection Association has published the following statistics based on 2006-2010 annual averages of cooking fires:

- Unattended cooking was by far the leading contributing factor in home cooking fires.
- Two-thirds (67%) of home cooking fires started with the ignition of food or other cooking materials.
- Clothing was the item first ignited in less than 1% of these fires, but these incidents accounted for 16% of the cooking fire deaths.
- Ranges accounted for the largest share (58%) of home cooking fires incidents. Ovens accounted for 16%.
- Three of every five (57%) reported non-fatal fire home cooking fire injuries occurred when the victim tried to fight the fire themselves.
- FRYING POSES THE GREATEST RISK OF FIRE.
- THANKSGIVING IS THE PEAK DAY FOR HOME COOKING FIRES!!

How To Deep Fry a Turkey

Deep-frying a turkey has become more and more popular in recent years. This method turns out an irresistibly tender and delicious turkey, and is a great alternative to traditional cooking methods. It is especially important, however, to follow instructions carefully and take precautions. Deep-Frying Indoors: Using an electric fryer indoors is a great way to get that crispy texture and delicious flavor without having to brave the elements. Given the high temperatures and dangers, be sure to follow these simple instructions as provided by the Butter Ball Consumer Affairs Office:

- Completely thaw a frozen turkey, or use a fresh turkey.
- Take the wrapper off of the turkey, and remove and discard the neck and giblets.
- Add oil to the fryer, but do not exceed the maximum fill line. Preheat oil in the fryer to 400°F.
- While the oil is heating, pat the turkey dry with paper towels and prepare your turkey with any seasonings, marinades, or injected flavors.
- Once the oil is heated, slowly lower the turkey into the fryer. The turkey may not be totally immersed in the oil. This may cause the top part of the breast to remain white even though it is cooked to the proper end temperature.
- Set the timer, and cook the turkey about 3 to 4 minutes per pound.

- Cook all dark meat to an internal temperature of 175° F to 180° F, and all white meat to an internal temperature of 165° F to 170° F.
- When the turkey is done, slowly lift it from the pot and place it in a pan or on paper towels to drain.
- Let the turkey stand for 20 minutes before removing it from the rack or basket to carve.

Deep-Frying Outdoors.

Although you're outdoors, using a propane deep fryer can be very dangerous. Never leave your deep fryer unattended, and be sure to carefully follow these instructions:

- To start, take the wrapper off of the turkey, and remove and discard the neck and giblets.
- Deep-fry your turkey outside on a flat surface, far away from homes, garages, wooden decks, etc.
- To determine how much oil is needed for frying, place the thawed turkey in the fryer basket and place it in the fryer. Add water until the top of the turkey is barely covered. Remove the turkey, allowing the water to drain from the turkey back into the fryer. Measure and mark the water line, DISCARD THE WATER AND THOROUGHLY DRY THE COOKING VESSEL, and THEN use that line as a guide when adding oil to the propane fryer.
- Pat the turkey dry with paper towels.
- Add oil to the fryer (based on the water line).
- Preheat oil in the fryer to 375° F.
- While the oil is heating, prepare your turkey with seasonings, marinades, or injected flavor that you desire.
- When the oil is hot, turn the burner off and slowly lower the turkey into the hot oil. Slowly lowering the basket helps prevent the oil from bubbling over. Turn the burner back on.
- Cook the turkey about 3 to 4 minutes per pound.
- The turkey is done when the dark meat is at an internal temperature of 175° F to 180° F and all white meat is at an internal temperature of 165°F to 170° F.
- When the turkey is done, slowly lift it from the pot and place it in a pan or on paper towels to drain. Let the turkey stand for 20 minutes before removing it from the rack or basket.

The Office of the Fire Marshal and the League City Fire Department wish you and yours a very happy fire safe Holiday Season.

Mowing Rights-of-way Keeps League City Beautiful

Paul Menzies, Director of Planning and Development

The pride that League City residents take in the upkeep and maintenance of their properties was one of the many reasons I became not only one of the League City government's newest employees, but also one of the City's newest residents. The clean and manicured look, along a majority of our commercial and residential corridors, contributes significantly to the overall aesthetics and perception of League City, distinguishing itself on a number of levels from surrounding communities. League City residents have long embraced the ordinance approved in 1968 that requires property owners to maintain grass and weeds on their property, including the adjacent rights-of-way (ROW) to the street, at or below 12-inches in height. As League City continues to grow, citizens should continue to "lead by example" for our future new neighbors with regards to this important quality of life component.

The referenced ordinance requires property owners to maintain their properties, as well as the adjacent ROW, including those ROW's along both City and State maintained roads. Historically, however, many property owners along State highways (FM 518, SH 96, SH 3, FM 270, FM 646, etc.) have had the benefit of State mowing crews maintaining the ROW up to nine times per year. Hence, the property owner needed only maintain the ROW during those few gaps between the State mowing cycles that may have been excessively rainy. In recent years, State funding for ROW mowing has been reduced, and mowing by State crews of these same ROW's has been reduced to only two to three times per year. This reduction, as well as the recent rainy periods, has renewed focus on the need for property owners to maintain their adjacent ROW's

between State mowing cycles, in compliance with City ordinance. In addition, property owners are also reminded to give particular attention to maintaining the roadside ditches within City and State ROW's at or below the same 12-inch standard, as well as trim weeds around signs and trees.

League City is beautiful and growing. It's imperative for all residents to continue the long-standing tradition of keeping our properties and roadways maintained to facilitate the continued prosperity of our community. If you or your neighbors have questions about this particular City ordinance or need to report a related compliance issue, please contact the City's Code Compliance Department by phone at 281-554-1030. Compliance issues can also be reported via the City's 311 system at www.leaguecity.com.

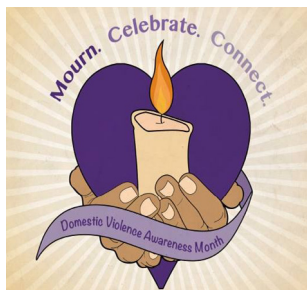

Message from the Mayor (continued)

I would like to take time to recognize your City Council and staff for the many hours of hard work on the 2014-2015 annual budget. We are very pleased to share that we held the tax rate to the same \$0.597 cents per one hundred dollar valuation as last year. In addition, we increased the homestead exemption from 12 to 14 percent, keeping some additional money in your pocket.

The City continues its commitment to a long-term CIP (Capital Improvement Plan) that will add substantial infrastructure improvements to provide for current and future residents of our city. Using local and state resources, resurfacing projects are underway for roadways including State Highway 3, Columbia Memorial Parkway, Webster Street, Parts of Kansas Avenue, Texas Avenue, FM 270 and Calder Road. In addition, roadway improvements include: widening of State Highway 518 under Interstate 45, the ramp reversals on Interstate 45 between League City Parkway and FM 646 and the Brookport Extension from HEB to Big League Dreams Parkway. We are also planning to begin construction on improvements to the 5 Corners intersection by fall 2015. Other important projects include the two new wells and ground storage tanks on South Shore Blvd. and Calder Road which will increase water capacity by 4 million gallons per day. Planning is also underway for the City's sixth fire station. Swimmers will be excited to know that the new pool at Hometown Heroes Park is under construction and is scheduled to open late fall 2014.

The City continues to see high levels of residential development. Last year 1066 new homes were constructed, and it's expected that another 1,100 homes will be added by the end of 2014. With these additions and the current population of 94,700, the City will grow to 100,000 by the end of 2016. Recognizing this growth trend, it is imperative that the City continues to be proactive in infrastructure improvements to keep up with the demand of a growing city.

Family Violence Awareness Vigil

Because October is Family Violence Awareness Month, the League City Police Department will be hosting the 3rd Annual Candlelight Vigil in remembrance of the survivors and family members of victims of family violence. The vigil is scheduled for October 23, 2014 at 7:00 p.m. and will be held in the front of the new League City Public Safety Building.

LCPD Crime Victim Advocate Stephanie Jones is coordinating the event with the Resource and Crisis Center, and has invited League City Mayor Tim Paulissen and Galveston District Attorney Jack Roady to speak. "We encourage everyone to come together in support of community advocacy, healing, and family violence prevention. Seeing a group of people united for a common purpose is a powerful image of solidarity to send to survivors in our community," stated Jones.

The Resource and Crisis Center will be collecting new personal hygiene supplies for the shelter such as toothpaste, shampoo, soap, cleaning supplies for their Galveston County shelter.

Volunteers in Policing

The VIP Program is a police volunteer program supporting the mission of the League City Police Department in service to the citizens of League City. This year, the VIPs have given over 4,000 service hours, equating to more than \$90,000.00 in labor to the city. In addition, the VIPs have logged over 600 specialized training hours.

Some of the VIP tasks include removing over 2,000 bandit signs this year and patrolling residential neighborhoods to ensure home address numbers are visible to emergency responders. The VIPs are also trained to document disabled parking violations and educate the public on how to obtain proper disabled parking placards.

In August, League City citizen and VIP member Bill Keogh was awarded the Arthur Hewitt Volunteer Spirit Award. Bill was not only recognized for the more than 1,000 hours given to the LCPD VIP program, but also for his service to the League City Police Department Citizen's Police Academy Alumni and his work with his local church.

For more information on the VIP Program, go to www.leaguecity.com/volunteers.

The League City Animal Shelter recently partnered with neighboring shelters to host the Paws and Claws Adopt-a-thon, which was successful in adopting a total of 186 animals, 62 of those animals were from the League City Animal Shelter. They are also looking into other unique ways to bring awareness to the shelter and provide homes for League City's stray animal population. Friends of the League City Animal Shelter are helping with that cause. They recently joined with the shelter to open a storefront adoption center at 2047 W. Main. The storefront center will be open on Sundays and Mondays from 10 a.m. to 4 p.m. when the shelter is closed. The new facility is a more nurturing environment for residents to find that perfect dog or cat to add to their families.

The City's event to commemorate the thirteenth Anniversary of 911 is another great example of community partnership. The City held a moment of remembrance in front of City Hall. Our League City Volunteer Fire Department also partnered with Friendswood, Webster and Nassau Bay Fire Departments to host a September 11 memorial stair climb. Freighters and residents climbed 110 flights of stairs in remembrance of those who lost their lives.

I again want to remind you to get out and vote and look for ways that you can become involved with the City. Attend a City Council meeting or join one of the many boards and commissions within our great city. You can find applications at www.leaguecity.com/getinvolved.

-Tim Paulissen, Mayor

League City Blue Santa Program

The League City Police Department is gearing up for the 2014 Blue Santa Program. This program is organized by police officers and League City Volunteer Fire Department firefighters with assistance from other city departments, area businesses, civic groups, and community members.

Our goal is to provide children and families in need with the magic and joy of the Christmas season. We have partnered with Kelley's Country Cookin and Target to host our fifth annual "Shop with a Cop/Firefighter" event. All children selected live in League City. The families are interviewed to determine the scope of their needs. On the day of the event, children pair up with League City Police Officers and Firefighters to pick out toys and clothing of their choice.

This program is run solely on monetary donations. We do NOT accept toys, clothing, or stuffed animals. The amount of funding received determines the number of children sponsored. We are accepting Target gift cards, cash, or checks. If you would like to make a monetary donation, please make it payable to "LCPD Blue Santa" and you may mail or drop it off at the police department: ATTN: Blue Santa, 500 W. Walker Street, League City, TX 77573.

Be a part of the Blue Santa Program; your generosity directly impacts children in our community!

If you have questions or need additional information, please contact Officer Todd Young at 281-554-1848 (todd.young@lcpd.com) or Officer Christy Galyean at 281-338-8201 (christy.galyean@lcpd.com).

Helen Hall Library News and Events

2014 Tax Forms

Once again, Helen Hall library plans on participating in the IRS Tax Forms Outlet Program (TFOP). Due to limited space, we can only offer the basic booklets and a small variety of forms. IRS forms are ordered months in advance, but are often received in late January. IRS books and forms will be located on the 2nd floor in the Adult Services area. Also, forms can be filed and printed online at www.irs.gov. The Adult Services staff will be more than happy to assist you with forms that you can't locate here, but we are prohibited by law in giving out any tax information or advice.

Drop in Crafting

Helen Hall Library is hosting two events for teens and adults. Adults have often asked if they can participate in many of our teen activities. Adults, this is your chance! Celebrate Dia de los Muertos (Day of the Dead) with Helen Hall Library by decorating a sugar skull. Drop in between 2:00 and 3:30 p.m., on Saturday, November 1st to decorate your sugar skull. Teens and adults are also invited to make a holiday card that will light up. We will use an LED light to make a fun card to celebrate the holiday of your choice. Drop in between 2:30 and 4:00 p.m. on Sunday, December 7th to create your card.

Haunted Theater

Teen Advisory Board has created a spooky experience in the library's theater. If you are brave, stop by between 2:00 and 3:30 p.m., on Saturday, October 25th to tour the Haunted Theater.

Fall Fun at Helen Hall Library!

Along with the regularly scheduled programs and activities, the Children's section of Helen Hall Library will be hosting some special events this fall. On Sunday, October 19th at 2:00 and 3:00 p.m, Carranza Puppets will be presenting Pinocchio for children and their families. There will be "frights and sights" for elementary children as the teens host the Haunted Theater on Saturday, October 25th from 2:00 to 3:00 p.m. Preschool children are invited to the Pumpkin Patch Parade, an interactive program presented by Arts Alive on Wednesday, October 29th, at 10:15 am. Families are invited to dress up and to Trick or Treat in the library on Halloween, October 31st, from 10:00 a.m. to 6:00 p.m. Julian Franklin's Going Wild will be the featured family event on Sunday, November 16th at 2:00 and 3:00 p.m. For preschool children, Farmer Brown's Fall Festival with Dan Brinkman will be presented on Wednesday, November 19th at 10:15 am.

Come enjoy these free events in the recently expanded theater at Helen Hall Library. Tickets will be passed out 15 minutes before each activity or program.

Holiday Open House & Tree Lighting

Please join the staff, Library Board and the Friends of the Helen Hall Library for our annual Holiday Open House. Thursday, December 4, 2014 • 5-6:30 p.m.

Santa arrives at 5:00 p.m.

The Teen Advisory Board will provide crafts for children as they wait to see Santa.

Following Open House at 6:30 p.m. is the tree lighting ceremony co-sponsored by the Knights of Columbus #9310 and the League City Parks Recreation Department.

Join us for caroling at the tree in front of Helen Hall Library, with our special guest, Santa!

Parks Recreation Fall Programs
